

SAFETY TIPS

From FREEDOM FUNDRAISING

Safety in fundraising is our main priority.
Here are some safety dos and don'ts for selling.

- Make a list of friends, family, relatives and neighbors to contact to avoid door-to-door sales. If you choose to sell door-to-door an adult or parent should supervise.
- Children should never reveal personal information about themselves to anyone including their home phone number.
- Parents should be involved with each fundraising activity and can sell items to their friends and coworkers.
- Never enter a home without checking with and being accompanied by the supervising adult.
- Use the buddy system. Don't sell alone.
- Do not allow children to carry money that they have collected unless they are accompanied by an adult.
- Do not carry large amounts of cash.
- Check with your school district /and or local government to see what rules and laws are in force governing fundraising activities in your state.
- Fundraisers should be set up to encourage children to work as a team instead of competing against one another. This encourages cooperation and reinforces safety rules.
- Never go out after dark.
