DOWNLOAD & PRINT HALLOWEEN BAR WRAPS AND TAGS

INSTRUCTIONS
Print the following pages of chocolate bar wrapper designs and/or tags, as many as you need.

Using scissors or a paper cutter, cut up your sheets using the corresponding template and measurements to that design.

BARS
To adhere the wrapper to a candy bar, wrap the printout around the bar, centering it. Apply a piece of double-stick tape to the underside of that flap that has the "to and from" on it, and press to adhere to the top of the other side of the wrapper.

You can put out the wrappers with the candy bars on your fundraising table, along with some double-sided tape, for customers to select their design.
OR
Pre-wrap the bars yourself or as a group project. If you are selling different chocolate bar flavors, be sure to keep them organized in some manner so you, as well as your customers, know what they are buying.

TAGS
Attach the tags to products using one of the following methods:
LOLLIPOPS #1
In each tag, punch a hole at the center top, and center bottom.
Slide lollipop stick through the punched holes so the stick is behind the tag design.

LOLLIPOPS #2, CHOCOLATE ROSES, PRETZEL RODS, CANDY BARS
Punch a single hole in the center top OR in one of the top corners of the tag.
Thread ribbon through and tie onto lollipop or item. If using curling ribbon, curl ends using scissors for more decoration.
